# PROJECTS

Brasov (Romania) – Mumbai ( India)

## HEAVY PROJECTS ..

At the beginning of 2008 two Indian companies contacted Dacorom International regarding the transports from ex-company Tractorul Brasov to the Mumbai and Chennai Port of 6 industrial equipments with a total weight of 250 tones.

Dacorom International has accomplished the necessary transport logistics for this project offering to the foreigner partners the best transport conditions and competitives prices. As a result , a transport agreement has been signed between Indian companies and Dacorom International. In consequence, at the end of September 2008 Dacorom International positioned the trailers at Tractorul Brasov for loading the equipments, in order to arrange the first part of the transport: road transport Brasov – Constanta Port.
